

# SeaDataCloud

CDI DEMO user interface:  
Beta version of the new CDI service

## A new GUI on top of a new system

- Faster
- Easier
- Catchy design with large map
- More added value for users
- Connected to the VRE

=> That is the aim!

# Part 1: Demonstration

# Demo of the new interface

The screenshot displays the SeaDataCloud V5 web interface. The browser window shows the URL `cdi_front_demo.maris.nl/v_cdi_v5/welcome.php`. The page header includes the SeaDataNet logo, the text "PAN-EUROPEAN INFRASTRUCTURE FOR OCEAN & MARINE DATA MANAGEMENT", the user name "PETER THIJSE", and a "DATASET BASKET" with a count of 26. The main interface is divided into a search panel on the left and a map on the right.

## Part 2: Usability testing yourself

## How to start

- Go to: <http://sdc.maris.nl> – click first link
- We look forward to your feedback

## Some example how to search

- Login (or create Marine-ID first)
- Free search: nitrate
- Use a facet: e.g. Select an area
- Set the results to 20/100/1000
- Order
- Go to the basket and follow the steps
- Submit
- Go to your orders to download (takes some mins)

## Part 3: Provide us your feedback

## Use our online from

- Go to: <http://sdc.maris.nl>
