## Statistics on CDI catalogue

There is no updates or creation in the CDI catalogue this month, because CDIs operations are frozen , waiting to new environment

There are 113 partners with CDIs :

- 42 SeaDataCloud partners and
- 71 other partners.

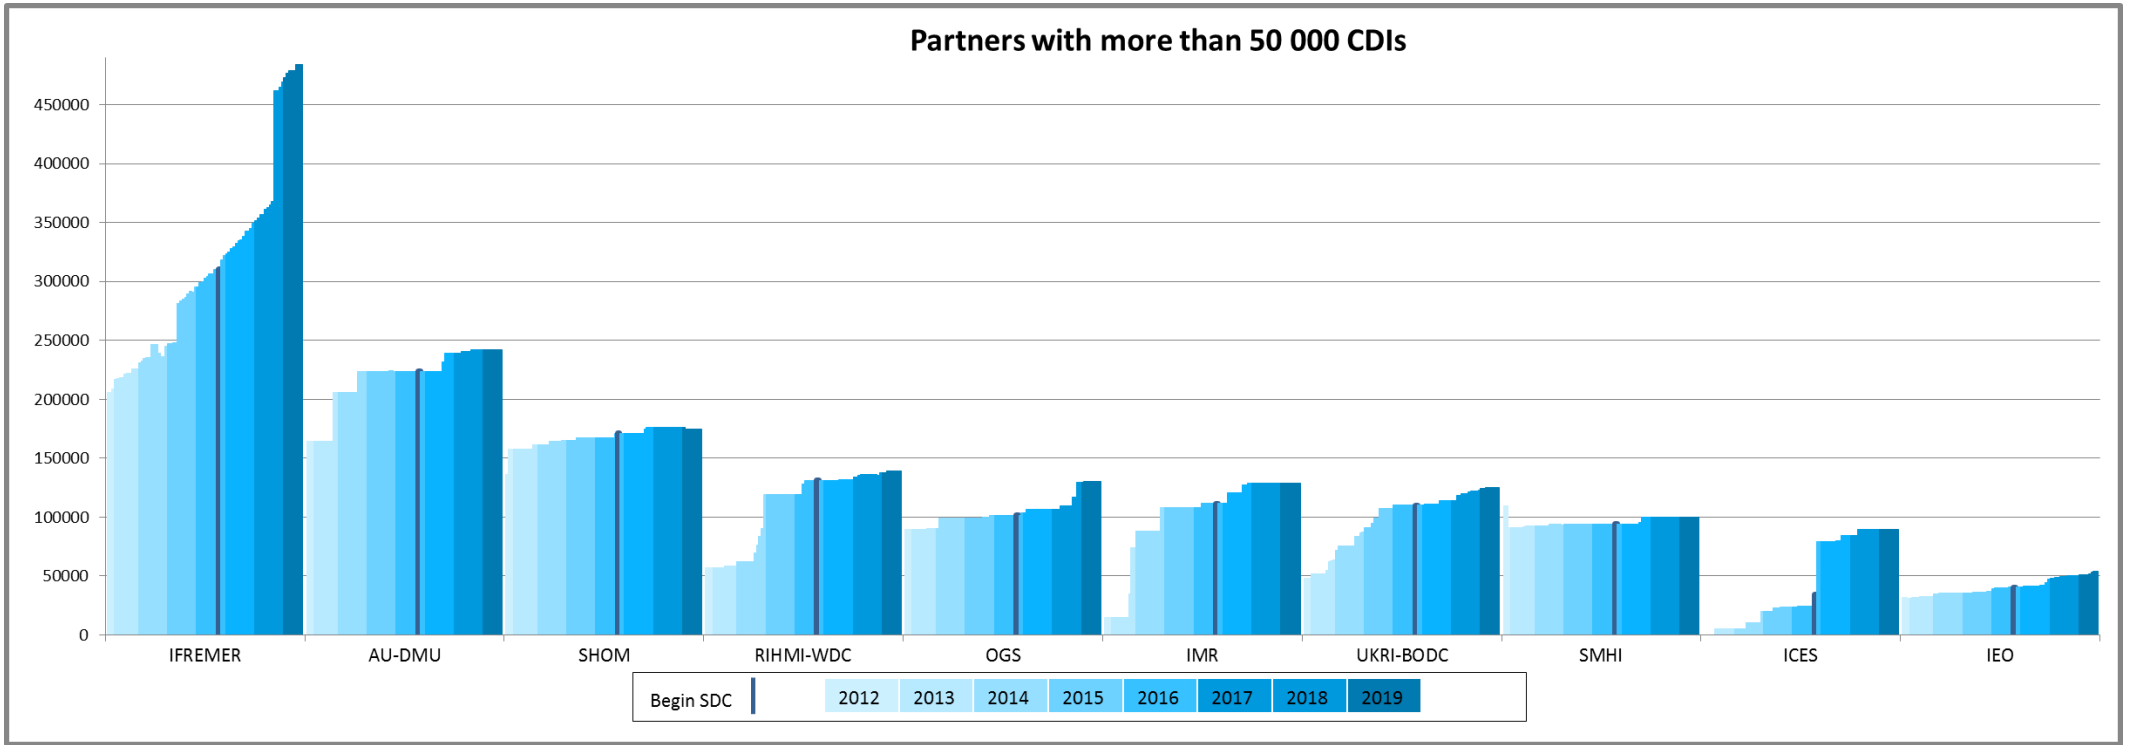

Since the beginning of the follow-up reports (October 2012), the increase in CDI since start SDC (November 2016), between end SDN2 (September 2015) and start SDC, increase since SDN2, per partner, is the following: Note that for SMHI and SIO-RAS the negative increase since start SDN2 is due to the change in their time series management (SMHI), the change of data owner and the remove of incorrect records (SIO-RAS). The new owner is SOI, not in the SeaDataCloud consortium).
