Workshop Day

The workshop started on time at 10.00:

- Michèle Fichaut (Ifremer): *Further developing the SeaDataNet pan-European infrastructure for marine and ocean data management*
- Peter Thijsse (MARIS): *Delivering marine data from the cloud using the SeaDataCloud Discovery and Access service*
- Sebastian Mieruch (AWI) showed us a video about a practical use of the Virtual Research Environment.
- Charles Troupin (ULiège/GHER): *Data interpolation: what can we do {for, with} you?*

After each session, time for some questions was given using the Questions and Answers Cisco® tool.
Workshop Day

• 155 attendees followed the Webinar
• from 32 countries:
Survey

- At the end of the workshop a survey was proposed to all attendees to collect a feedback.
Survey: results

The results of the survey are positive: the majority of participants already used SeaDataNet website and services in particular SeaDataNet vocabularies, metadata catalogs, software and discovery interface.

The detailed answers to the questionnaire are available in Deliverable D4.17
